BLAST DEODORIZATION SYSTEM

IMMEDIATE DEODORIZATION

Hotels

Trucks

Bathrooms

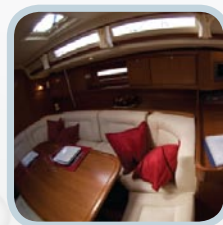

RVs

Smoke

Automobile

Marine

Cruise Ships

MEDS patented deodorization products effectively eliminate odors from smoke, water damage, mold, mildew, urine, and a wide variety of organic compounds, up to and including the most severe odor of decomposing flesh. Our patented delivery system is not a mask and provides **permanent** odor remediation.

BLAST is the strongest of our three tiered system. Upon interaction, the separated granules of the **BLAST** container activate our highest concentration of ClO_2 for immediate and thorough deodorization for up to 12 hours, permeating areas where liquids and solids cannot reach or be easily applied.

This solution is perfect for prompt and permanent odor removal in the Automotive, RV, Marine and Hospitality industries.

BLAST:

JARS: 12 PER CASE

ITEM #: MD-GKF-012 J

CASE WEIGHT: 5lbs 1.5 ozs.

CASE DIMENSION: 8x6x6

TUBS: 4 PER CASE

2 Tubs-Part A / 2 Tubs-Part B

ITEM #: MD-GKF-002T-040

CASE WEIGHT: 11lbs.

CASE DIMENSIONS: 10x10x6
